this study presents new research and theory addressing the impact of social contexts upon the psychological processes of identity formation by women

and the contribution of social identity theory to the meaning of womanhood

this book addresses the issue of change through choice examining ways that women can empower themselves by becoming more aware of their identity values and commitments to action it emphasises priorities and the behavioural consequences of giving primacy to the value of equality

this title explores the meanings and experience of home and private life for women who grew up in england before 1950 it considers the extent to which class suburbanization and historical moment as well as gender constructed women s understanding of domesticity and discusses the part played by conceptions of home and private life in the shaping of identities oral narratives fiction autobiography and diaries are used in conjunction with psychoanalytic linguistic and historical explanations of women s lives to map a psychological as well as a social history of women s relationship to the home in the early part of the 20th century

addressing a key challenge facing feminist scholars today this volume explores the tensions between shared gender identity and the myriad social differences structuring women s lives by examining historical experiences of early modern women the authors of these essays consider the possibilities for commonalities and the forces dividing women they analyse individual and collective identities of early modern women tracing the web of power relations emerging from women s social interactions and contemporary understandings of femininity essays range from the late medieval period to the eighteenth century study women in england france germany ireland italy and sweden and locate women in a variety of social environments from household neighbourhood and parish to city court and nation despite differing local contexts the volume highlights continuities in women s experiences and the gendering of power relations across the early modern world recognizing the critical power of gender to structure identities and experiences this collection responds to the challenge of the complexity of early modern women s lives in paying attention to the contexts in which women identified with other women or were seen by others to identify contributors add new depth to our understanding of early modern women s senses of exclusion and belonging

an essential collection that constructs the arguments of similarity and difference dividing and uniting women in recent years identity has come to be seen as a process rather than a fact or deterministic force yet recognizable identity traits continue to draw people together and provide them with a sense of empowering commonality although the plasticity afforded identity has freed up rigid definitions and guidelines for affiliation some believe that nebulous demarcations of identity may deprive women of a solid position from which to effectively contest centers of power bringing together articles by well known authors and theorists such as audre lorde june jordan daphne patai barbara smith marilyn frye shane phelan leila j rupp hazel carby and adrienne rich with lesser known writers and scholars this broad based anthology ranges widely from personal narratives to empirical research the book unpacks issues of race class gender ethnicity sexuality disability and age contributing a mϑlange of sharp lively perspectives to current debate in a postmodern era of feminism how do women come to identify organize and mobilize themselves within a complex global network of relationships identity politics in the women s movement offers critical examination of the inescapable role of identity in academic and activist feminism and the opportunities challenges and

conflicts identity politics pose

the routledge handbook of identity studies offers an exceptionally clear overview of the analysis of identity in the social sciences and in so doing seeks to develop a new agenda for identity studies in the twenty first century the key theories of identity ranging from classical accounts to postmodern psychoanalytic and feminist approaches are drawn together and critically appraised and there are substantive sections looking at racial ethnic gendered queer consumerist virtual and global identities the handbook also makes an essential contribution to the debate now opening up over identity politics and its cultural consequences from anti globalization protestors to new ecological warriors from devotees of therapy culture to defenders of international human rights the culture of identity politics is fast redefining the public political sphere what future for politics is there after the turn to identity throughout there is a strong emphasis on interdisciplinarity with essays covering sociology psychology politics cultural studies and history the handbook s clear and direct style will appeal to a wide undergraduate audience in the social sciences and humanities

psychological theory has traditionally overlooked or minimized the role of siblings in development focusing instead on parent child attachment relationships the importance of sisters has been even more marginalized sue a kuba explores this omission in the role of sisters in women s development seeking to broaden and enrich current understanding of the psychology of women this unique work is distinguished by kuba s phenomenological method of research rooted in a single prompt tell me about your relationship with your sister rich in detail the responses many of which are reproduced at length within the book provide a complex picture of sister relationships across the lifespan integrating these stories with current literature about gender and family composition for sisters of difference disabled and lesbian sisters and ethnic sisters this book provides useful recommendations for therapeutic understanding of the significance of sisters in everyday life integrating diverse perspectives in order to address the ways clinicians can enhance psychological work with women clients a valuable contribution to the field of mental health the role of sisters in women s development is highly recommended for therapists who wish to broaden their inquiry into the sister connection as well as anyone who wants to further understand the importance of sisterhood

in today s social context characterized by fluidity uncertainty and individualism the choices we make have become the main factor in the formation of our individual identities this volume focuses on the production of self identity by young women who face a greater range of choices in their lives than ever before and combines empirical interview data with cutting edge theoretical perspectives the author has interviewed a sample of women aged 16 to 21 in order to find out what being able to make choices means to them and how they view themselves and their lives within the cultural context of girl power their statements and experiences are analyzed and used to interrogate the ontological assumptions of post structuralism feminist theory and reflexive modernization

the jossey bass social and behavioral science series

women and identity the pathmakers a pathmaker and her daughter and a pathmaker who lost her way the guardians the searchers the drifters a drifter who created a path paths to fulfillment reflections on adult growth and development in women afterword

identity is defined in many different ways in various disciplines in the social sciences and sub disciplines within psychology the developmental psychological approach to identity is characterized by a focus on developing a sense of the self that is temporally continuous and unified across the different life spaces that individuals inhabit erikson proposed that the task of adolescence and young adulthood was to define the self by answering the question who am i there have been many advances in theory and research on identity development since erikson s writing over fifty years ago and the time has come to consolidate our knowledge and set an agenda for future research the oxford handbook of identity development represents a turning point in the field of identity development research various and disparate groups of researchers are brought together to debate extend and apply erikson s theory to contemporary problems and empirical issues the result is a comprehensive and state of the art examination of identity development that pushes the field in provocative new directions scholars of identity development adolescent and adult development and related fields as well as graduate students advanced undergraduates and practitioners will find this to be an innovative unique and exciting look at identity development

new readings offer insights into the opportunities and limitations offered by cyberspace ideas of domesticity and the public private split within politics and culture other topics include women s health disability citizenship and nationalism

women science and literature

all contributions to this book to this volume describe women as social actors within specific migration processes and point out women s creativity in shaping migrant settings this perspective counter balances common descriptions of women as more or less invisible and dependent of male migration at the same time the anthropological approach ensures the careful consideration and analysis of the culturally specific contexts within which the different processes of migration are taking place regional and cultural diversity of the data presented renders possible intercultural comparison of the investigated phenomena
